	<p>HUNGER GAMES: A DETAILED SUMMARY OF HUNGER GAMES(BOOK 1) -- ALONG WITH ANALYSIS AND FUN QUIZES!! (HUNGER GAMES: HUNGER GAMES TRILOGY, HUNGER)</p> <p>the hunger games: a detailed summary american writer suzanne collins top of the line book the hunger games is a tragic novel situated in the result of the destruction of north america. the nation is called panem. there are twelve poor regions controlled by the rich capitol. there was a thirteenth district in the past yet the capitol demolished them in light of the way that they revolted. the capitol deals with the hunger games reliably to repel the district. one child and one young woman developed 12 to 18 fight in a battle. the picked adolescents are called "tributes" and just the individuals who can emerge will get the opportunity to live. the whole country must watch the preoccupations on tv. the story is about katniss everdeen, a sixteen-year old young lady. katniss was kicked out by her father kicked and now she needs to murder animals for her family to eat. her more energetic sister, prim, is chosen to be a "tribute", katniss volunteers to go. the other "tribute" from district 12 is a child named peeta. the initial instalment , the hunger games acquaints us with our courageous woman, katniss everdeen. katniss lives in a world governed by an autocracy (headed by president snow in the capitol), which has part the domain into twelve areas. every locale represents considerable authority in giving a decent or administration to the capitol and its well off populace, while the nationals of every region battle to live. as a yearly indication of the regions' reliance on the capitol there exists "the hunger games". a kid and a young lady from each region are put together in an enormous stadium (it could be a leave, a wilderness, anything) and compelled to execute each other. the last individual standing wins the privilege to live, and an agreeable way of life for themselves and their crew. the second book (the hunger games: catching fire) sends katniss and peeta back to the enclosure, and the shift in the tributes' mentality to killing each other make for some truly intriguing, regularly touching, perusing. book three (the hunger games: mockingjay) is built completely with respect to the last show-down between the capitol and the locale. this book was truly very upsetting for me, with topics touching on homicide, exiles, the loss of everything that goes with war, sexual bondage, hereditary alteration, injury and the rundown goes on. ms. collins manufactured a fantastical and trustworthy world where the united states is no more and rather the country is instantly called panem which is run from "the capital" and separated into 12 area. ms. collins' creation is powerful in a genuine style stacked with amusingness which causes the book to end up addictive. like any incredible story, you are doused in the universe created around you, yet you know it is not bona fide anyway you can't stop scrutinizing. here is a preview of what you will learn: in the hunger games , you will learn, the beginning part of the novel in the hunger games , you will learn, about 74th hunger games in the hunger games , you will learn, about the ending of the novel ie return of katniss click the buy now with one click button, and learn everything about the hunger games.</p>	<p>Readable/Downloadable</p>
